What's Inside "The Great Physician's Rx for Cancer"?

This groundbreaking book covers a wide range of topics, including:

- The latest scientific evidence on alternative and integrative cancer therapies
- Detailed descriptions of specific treatments, such as nutrition, supplements, botanicals, and mind-body therapies
- Case studies of patients who have successfully used alternative and integrative treatments to fight cancer
- Practical advice on how to find a qualified integrative cancer care provider

Dr. Rubin's approach is based on the belief that cancer is a complex disease that requires a multi-faceted approach to treatment. He emphasizes the importance of addressing the underlying causes of cancer, such as inflammation, oxidative stress, and immune dysfunction, in addition to targeting the cancer cells themselves.
