Together, Ethan and Olivia embark on a dangerous investigation that takes them deep into a world of corporate espionage, cybercrime, and international intrigue. As they uncover a web of lies and betrayal, they must use all their skills and resources to expose the truth and bring the perpetrators to justice.

Book 2: Shadow of Doubt

In the wake of the TitanTech theft, Ethan and Olivia find themselves drawn into another high-stakes case. A young entrepreneur, Sarah Chen, has been accused of stealing trade secrets from her former employer, a rival tech company.

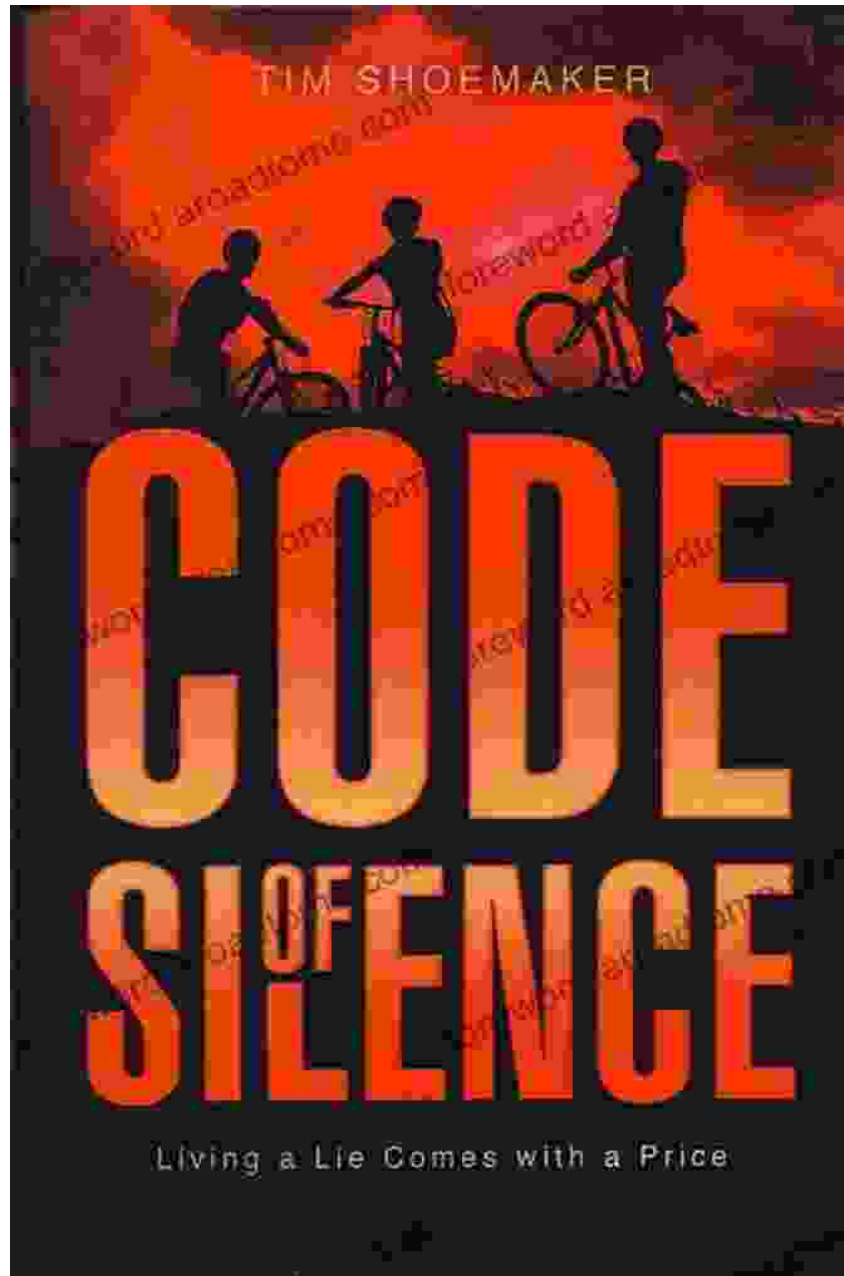

As Ethan delves into the investigation, he discovers that Sarah's case is far more complex than it seems. With the FBI, corporate lawyers, and even Ethan's own loyalty called into question, he must navigate a treacherous path to uncover the truth and protect the innocent.

Book 3: Code of Silence

The final chapter of the Silicon War Trilogy thrusts Ethan and Olivia into the heart of a global conspiracy that threatens the very foundations of the tech industry. A powerful organization known as The Syndicate is orchestrating a vast network of corporate espionage, using stolen trade secrets to manipulate the market and eliminate their competitors.

As Ethan and Olivia race to dismantle The Syndicate, they face their greatest challenge yet. They must confront their own pasts, question their loyalties, and risk everything to expose the truth and protect the future of innovation.
