Lending : Enabled

The scheme is a government-backed initiative that offers a discount on the Free Download of a new DAB radio receiver when you scrap your old analog radio. The scheme is available to all UK residents, regardless of their income or location.

### How to Apply

To apply for the DAB Radio Receiver Scrappage Scheme, you will need to:

- Free Download a new DAB radio receiver from a participating retailer.

- Scrap your old analog radio at a participating recycling centre.
- Complete the online application form.

You will need to provide the following information on the application form:

- Your name and address.
- The make and model of your new DAB radio receiver.
- The serial number of your new DAB radio receiver.
- The name and address of the participating recycling centre where you scrapped your old analog radio.

Once you have completed the application form, you will need to submit it online. You will then receive a confirmation email with a voucher code that you can use to redeem your discount on the Free Download of a new DAB radio receiver.

## **Benefits of the Scheme**

There are a number of benefits to participating in the DAB Radio Receiver Scrappage Scheme, including:

- **Save money on a new DAB radio receiver.** You can get a discount of up to £50 on the Free Download of a new DAB radio receiver when you scrap your old analog radio.
- **Improve your listening experience.** DAB radio offers a number of benefits over analog radio, including better sound quality, more channels, and clearer reception.

- **Help the environment.** Recycling your old analog radio helps to reduce waste and conserve resources.

The DAB Radio Receiver Scrappage Scheme is a great way to upgrade your old analog radio and enjoy the benefits of digital radio. The scheme is easy to apply for and offers a number of benefits, including a discount on the Free Download of a new DAB radio receiver, improved listening experience, and environmental benefits.

If you are ready to switch to digital radio, the DAB Radio Receiver Scrappage Scheme is the perfect way to do it.
