Wooden begins the book by discussing the importance of women in his life. He credits his mother with teaching him the value of hard work, determination, and perseverance. He also credits his wife, Nell, with being his constant source of support and encouragement. Wooden writes that the women in his life have helped him to become a better man, a better coach, and a better leader.

Throughout the book, Wooden shares specific examples of how women have taught him important lessons. He tells the story of how his mother taught him the importance of never giving up, even when things are tough. He also tells the story of how his wife taught him the importance of forgiveness. Wooden's stories are both inspiring and insightful, and they offer readers a unique glimpse into the mind of one of the most successful coaches in history.

In addition to sharing his own experiences, Wooden also includes quotes from other famous men who have been inspired by women. These quotes provide a powerful reminder of the importance of women in our lives. For example, Wooden quotes former President Ronald Reagan, who said, "Women are the backbone of our society." Wooden also quotes former Secretary of State Madeleine Albright, who said, "There is no limit to what women can accomplish." These quotes serve to reinforce the message that women are capable of great things and that they deserve our respect and admiration.

"Things Women Have Taught Me" is a must-read for anyone who wants to learn more about leadership, success, and the importance of women in our lives. Wooden's insights and wisdom are invaluable, and they can help readers to become better people and leaders. I highly recommend this book to anyone who is interested in personal growth and development.
